

# The Lomond Press

VOL. 1. NO. 13.

LOMOND, ALBERTA, FRIDAY, NOVEMBER 3, 1916.

\$1.00 PER YEAR.

## Go to Travers If You Have a Kick Coming

There will be a public meeting of the ratepayers of Clifton municipality held in Travers next Saturday afternoon, Nov. 11th., for the discussion of anything and everything affecting the welfare of the municipality.

The Press has been approached on more than one occasion to air its views on the management of municipal affairs but has refrained from passing any comment, being not sufficiently conversant with the affairs municipal to discourse intelligently on the subject. However, the columns of the Press have been offered to any and all citizens as a means of airing their views upon any question of public interest, but so far no one has availed himself of this offer.

Now, this public meeting at Travers will afford an opportunity for one and all who have a kick or a commendation upon the work of the municipal council to come out in the open and express it. This is a meeting that should be well attended by the ratepayers. Much of the cause of dissatisfaction may be satisfactorily explained and if there is any just condemnation coming to any one it will be nice to know just who that one is.

It is the duty of each voter in the municipality to learn all he can about the service rendered by the present council, singly and collectively, so that at the next municipal election he may be able to vote for the best men—separating the wheat from the chaff. If there are drones in the hive, kick them out, and if there are anti-progressives in the council weed them out. On the other hand, if there is a councillor who by his work can show that he endeavored conscientiously and heartily to serve to the best of his ability in his position of trust and that his power to produce results has been held up by drones, re-elect him when you get the chance.

## Patriotic Services on the Eyremore Circuit.

W. A. Buchan, of Lethbridge, and T. M. Tweedie, of Calgary, the M.P.s. slated to hold patriotic rallies at the different appointments on the Eyremore circuit a few Sundays ago and who failed to appear, have promised to make good their delinquency on Sunday, Nov. 5th. A good attendance no doubt will greet them for all are interested in this topic. It is regretted that more publicity could not have been given to these meetings but word was not received by the Press till late this week.

Remember the Bazaar and Concert on Nov. 10th. and 11th.

## LOCALETS

Norris Hanna has let the contract for the erection of a fine new residence on 1st. street north.

N. T. Owens, our genial depot agent, is building a new cottage near the depot.

On Tuesday the Rev. Mr. Armstrong motored to Carmangay taking Mr. Ainsley over to consult Dr. Bryson about his leg, which has been bothering him for some time past. We are pleased to report that the doctor expects a very quick and permanent recovery for Mr. Ainsley.

The Standard Bank will open a new branch in Travers within the next few days.

E. F. Purcell, formerly of Bassano, is opening a big department store in Travers. Mr. Purcell is a live wire in the mercantile line and no doubt meet with success in this business at Travers. There is no better district in southern Alberta than that tributary to Travers and a good up-to-date store will fill a long-felt need. Mr. Purcell is a well known Albertan and is not a stranger to a great many who will be his customers in his new location.

Remember the Bazaar and Concert on Nov. 10th. and 11th.

Remember your friends at Xmas and send them a private greeting card. Samples at the Drug Store.

Estimates are out for the erection of a squared circle and arena to be erected for the exclusive use of local artistes. The most convenient location would be half-way between Marshall & Wilson's corner and the Standard Bank.

W. A. Teskey, Ford agent, has received a shipment of twelve more new Fords, bringing his total up to thirty-four cars for this fall's trade.

The Central Garage is unloading a car load of new autos.

H. E. Elves wishes to call your attention to his Combination Auction Sale advertised on another page of this issue. Everybody is invited to bring in any article or animal which they wish to dispose of and it will be offered for sale to the public. Each owner can state his own terms on article offered. This is a plan of sale which has worked out very satisfactorily in other towns and if it is successful in serving its intended purpose in Lomond it will become a permanent feature while the weather permits.

Robert Moir, local Alberta Pacific Elevator agent, received a telegram on Tuesday that his father, who lives near Exeter, Ontario, was seriously ill. Mr. Moir left immediately for his father's bedside, leaving Mr. Cochran in charge of the elevator.

J. Paton is erecting a bungalow on Centre street. Wm. Hesketh, the contractor has this building well under way.

Be sure of your Xmas Greeting Cards and order early. Full line of samples at the Drug Store.

E. J. Lowe and Miss Ambler of the Lomond school staff, Miss Davies of Grand Springs, Miss Saunders of Brunetta, and Miss Hamn of Midway took in the teachers' convention at Medicine Hat on Friday and Saturday. Mr. Lowe motored the party as far as Taber.

Mrs. W. A. Teskey and Willie arrived home to-day after a couple of weeks' outing spent in Calgary and Okotoks.

Tuesday night all the ghosts and hobgoblins this side of Bruce County were let loose in Lomond. Everything about town that was movable was carried onto the front street and deposited in doorways, on the sidewalks, etc. On Wednesday morning main street presented an appearance of circus day. Happy to report no damage done to any property but a very busy day for the business men cleaning away before they could entertain any customers in their stores.

John Koch of Badger Lake is embelishing his home this week at the artistic hand of D. E. Snowden, painter, decorator, etc., assisted by Chas. Delaney.

Wm. Muehle, one-time village blacksmith, has taken up land in the Horse Lake district, B.C., along the line of the P. G. & E. railroad, which is now building from North Vancouver and connecting with the E. D. & B. C. railroad at the Alberta line.

If it were not for so many neck-breakers between here and there it would be well worth a motorists while to drive to the Armada corner on the township line to do a little scorching over the newly graded road running north past the Armada townsite. It is a peach.

The train that arrived Tuesday got here Wednesday morning at 4 o'clock.

The Press was suddenly bereft of the devil this week and a substitute was not forthcoming on the dot. The management is making a stab at publication this week with help gone. A new devil is due to arrive momentarily.

W. A. Teskey and R. L. King made flying motor trip to Calgary on Saturday, Mr. Teskey returning by motor on Tuesday, while Mr. King returned via Medicine Hat, meeting Mrs. King and son homeward bound from a trip to Manitoba and Dakota covering a period of two months. In order to make sure of arriving home this week Mr. King wired ahead to have a car meet them at Retlaw, and by such proceedings gained six on the arrival of the train and escaped innumerable bumps.

The village council has installed a large water trough at the village pump as a convenience to the public and where thirsty dogs and horses may now drink.

## Lomond Ladies Holding Bazaar and Concert

The ladies of the Lomond Church are laying deep the plans for what will undoubtedly be a successful bazaar and concert to be held in the I.O.O.F. hall on Friday and Saturday of next week, Nov. 10th and 11th. The bazaar will be held both days and tea will be served in the afternoons. A large collection of useful and dainty articles will be on sale and it will be an easy matter to solve your Christmas gift problem at this sale of work.

The concert which will be held on Friday night will provide a good evening's entertainment. A good program is being prepared by the committee in charge.

All the elevators in town are filled to overflowing and wheat is being hauled from close to town to Travers. We trust the C.P.R. will remedy this situation immediately. The immense volume of business on this line certainly entitles the public to better accommodation than has been dished out up to date and if some of those apparently addle-brained officials at Medicine Hat could be forced to make a trip over the line on one of regular trips there is no loophole for a doubt but what they would be convinced of the necessity for an improvement. Unofficially it is reported that a tri-weekly service will be inaugurated next week.

Mr. and Mrs. H. A. Bensen, Mr. Harry Aseltine and Miss Buchanan left Lomond Tuesday morning on their way to Calgary, where Mr. Aseltine and Miss Buchanan were to be united in the holy bonds of matrimony. Now boys, gather up your old cow bells, brooms, etc., and be ready.

The election talk which was so prominent in the papers a week ago appears to have died out, and nothing is heard of either provincial or dominion elections for the past few days.

Fred Bratton, late of the Press staff, is up at the Banff mineral springs having his rheumatism boiled out. Billy Cox, who went to Banff a week ago for the same purpose, reports a great improvement in his condition.

The high wind of Thursday is responsible for a very serious fire which swept over a fifty acre wheat field on Robt. Pluhkett's farm two miles east of town. The fire is supposed to have been carried from a smouldering straw stack across the road on Mr. Ainsley's farm. The wind fanned the cinders into flames and carried them across the road into the field of stocks and in an instant the fire had spread beyond all possibility of control. About twenty acres of the beautiful crop was destroyed.

Advertising Rates on Application.

RAE L. KING, PROP.

LOMOND, NOVEMBER 3RD., 1916.

Events such as the sad occurrence of the illness and death of the late P. C. Westby which occurred in this community last week again emphasizes the great need, especially in this sparsely settled western country, of fraternal organizations such as the Oddfellows—and noble work is being done the world over by this and other fraternal societies.

When father and mother are far away, and perhaps in the old home way back east, or, farther still, in the old home across the sea—or it may be that they have gone before to their reward from whence no human helping hand can come—when brothers and sisters are scattered in different places far away, it is then, when there is no one of kith or kin to come to the assistance of one afflicted or in distress, that the brothers and sisters in fraternity step into the breach and become father and mother and brother and sister to the lonely and afflicted one.

Once a man becomes a member of one of these great fraternal orders, no matter where he may roam, in this or foreign lands, he need never be alone. Their organization and their work is universal. Not only is it in the time of affliction that the good offices of such organizations are made manifest, for in every day life the influence for good permeates every community. Every member stands a synonym of a good clean life and lofty purposes.

It is one of the greatest comforts to mother when bidding farewell to her boy as he takes his departure for a far off land to take up life amid strangers to have that knowledge that he is a member of one of these great orders; and that while he remains true to the obligations of his order no shame nor dishonor can overtake him—if in danger he is protected, if sick or afflicted he will be ministered unto, and if death should overtake him his last remains will be tenderly and lovingly laid to rest.

### DENTISTRY

Dr. C. H. Nelson wishes to announce that he will make his regular trips to Lomond and Travers beginning the first week Sept., as follows: Lomond every Thursday—Travers every Wednesday.

#### AMETHYST

Oct. 22nd.—Mr. Hewitt has rented his farm, implements and horses to a gentleman near Bow City. Our Hon. Mr. Hewitt is undecided as yet what he will do for exercise and pastime.

Archie Smith bought himself a brand new wagon last week in that busy little burg of Lomond.

The Ladies' Aid will meet at Mrs. Dave Orton's on Thursday, Nov. 2nd. All remember this date and bring needle and thimble along.

George and Frank Hill have returned to Sarcee Camp after working on their homesteads near the Big Bow River. All friends and neighbors wish them good luck wherever they may be.

Mr. and Mrs. George Smith's little son has been very sick for the past week or so. Dr. Scott of Bassano was called out on Tuesday to see the child,

Bert Somerville had another breakdown on his threshing rig and was obliged to go to Calgary for repairs. While there he met several of his old Stavely and Parkland friends.

It seems as if there are a great many machine agents around this country lately. It's a pity they can't help haul the grain to town when they are in such a rush.

Miss Dorothy Hill is a busy person these days.

Dave Grton is having all kinds of bad luck. First, the hail took his crop and now the frost has taken his nose protector. Wonder what next.

News is scarce this week. Our reporters have failed to help and we miss them.

Threshing is going along very slowly

in this neighborhood with rain and snow and breakdowns. We all would be very glad to see a month's good sunshine.

Oct. 29th.—A first district school meeting was held at Mr. Glen Groves on Saturday, Oct. 28th., at 1 o'clock. The meeting passed off all O.K. and we will soon have a school house in Amethyst district. The trustees are B. Peterson, Mr. Storm and Seth Somerville. These are three very capable men and they will rush the work on as fast as possible.

Remember the church services at Amethyst at 11 o'clock Nov. 5th. Everybody welcome.

Mrs. Milo Somerville and children were visiting at Grandma Somerville's on Sundao, also Mr. and Mrs. A. L. Gould.

Oscar Osterberg is having quite a siege of the round-up these days.

Mr. Salsberry is giving a basket social and a good time in general on Wednesday, Nov. 8th., the proceeds all to be given to the patriotic fund. Everybody and his sweetheart is invited to come. Be sure and bring a well-filled and pretty basket so it will bring a big price, for this money is to help our soldiers. Mr. Salsberry lives on section 18-18. Now, we'll expect you all there as times are good and money plentiful.

C. Seamors is busy drilling wells these days. Giff. Davis is having a well drilled at present and Swan Odland is the next to get the machine.

Wonder why every once in awhile us Amethyst people miss getting the Lomond Press. First one and then another. Tell us the reason why. "Ed. The devil must have been dizzy."

Call and see me---

**W. A. TESKEY, LOMOND.**

## Interest Growing in the Patriotic Movement

The movement in support of the local patriotic fund is going along with a lively swing. Everybody is taking a keen interest in the work and after the first week of progress there is nearly as much money in the treasury as was sent in from this point last year. The claims of those entitled to benefits from the fund are receiving close investigation and careful attention. A special or working committee is in charge of this branch of the work, while L. M. Swain, E. Webster and R. R. Saunders constitute the finance committee.

All concerned are determined that while Lomond—and when we say Lomond we mean to include the entire Lomond district—takes second place to no community of the same age in Alberta in respect to grain growing and prosperity generally we will not be at the bottom of the list of subscribers to the patriotic fund.

In view of the fact that we are separated from contact with the privations this terrible war is causing in thousands of homes, especially in the cities, it is a noble inspiration that arises within a man to come forward with a donation to this worthy cause. And how fortunate we are who are left behind and who are not stricken by the hand of militarism. How freely and gladly each one of us should give our earnings of a day, a week or a month or the profits from an acre or two of land, rather than spend a term in the trenches. Any one of us would gladly give five dollars rather than to spend one night in the cold, muddy trenches. Any one of us who are not there now would give most all we possess rather than to wade those trenches for one year, meanwhile sniff that poisonous German gas and run a chance with death. Is it any wonder that our citizens are coming forward so freely and liberally with tangible expression of their enviable situation and circumstances, when compared to that of our brothers in the trench. We cannot neglect the wives and children of those men who have given up all, even to their lives, for—not their country only—but for our country.

Remember the Bazaar and Concert on Nov. 10th. and 11th.

Yours for business,

FRANK VICKERS.

The Lomond Bakery

## New Travers Merchant a Politician.

E. F. Purcell, the new merchant at Travers, he having recently bought out the Charter store, has been nominated on the provincial conservative ticket to contest the riding of Bow Valley. Mr. Purcell being in business at Bassano, Brooks, Millicent and Travers gives him a wide acquaintance and no doubt he will put up a strong campaign. Mr. Purcell has figured prominently in political circles for a number of years and his unanimous nomination at the convention held in Bassano last Saturday was no surprise to those keeping tab on affairs political.

## Booze Shipments

The Attorney General's department has served notice upon the express companies warning said companies that any violation of the liquor act will be strictly dealt with. The Act permits delivery of but one quart of spirits and two gallons of malt to one individual at

any one time. It appears that some of the thirsty ones have been sending to the mail order liquor supply houses for case lots and the company that delivers such a consignment within this province is guilty of violating the Liquor Act. Henceforth convictions will be sought and offenders held to strict accountability.

## Chicken Supper, Bazaar and Concert at Travers.

The Ladies Aid of the Travers Methodist Church will hold their annual bazaar in the farmers' hall at Travers on the afternoon and evening of Wednesday, November 15th.

A chicken supper will be served from six to eight o'clock after which there will be a concert. The proceeds of the bazaar and entertainment will go toward building a new church at Travers.

Mr. Noble, of Nobleford, has broken the world's record in wheat production. His thousand acre tract threshed an average of 54 bushels and 23 pounds per acre.
